BULLETIN
London.—The German Palatine has been declared an autonomous state, says a Central News dispatch from Berlin. According to a proclamation, the Palatine binds itself to help secure the safety of France and agrees to assume its share of the German reparations.

BULLETIN
Berlin.—As the Reichstag, or federal council, assembled today to consider the Bavarian situation, political observers found little to make them think that the Stresemann government was not confronting with a crisis that probably would mean its downfall.

The united socialist party, which has three ministers in the coalition cabinet, and the communists, supported by an increasing following, are disturbed over the fact that Reichstag divisions have been hurried to vote Sunday, without a quorum, openly disobedient to the mandates of Berlin, is not subjected to similar discipline.

If a satisfactory understanding regarding Bavaria is reached, the socialists may withdraw their representation in the cabinet, thus placing the German government in a well-nigh untenable position.

MANY KILLED, WOUNDED IN AIX-LE-CHAPPELLE BATTLE
[BY ASSOCIATED PRESS.]
Aix-le-Chapelle.—Half a dozen persons were killed and scores wounded as the loyalists regained possession of Aix-le-Chapelle.

The movement to oust the separatists from the government building, which began to form Monday night, had gained strength by Tuesday morning and before noon some 100 separatists who had been in the structure were attacked by the crowd. Their comrades in the building came to the rescue, seized motor trucks and drove through the streets firing right and left into the throng.

The situation became too much for the local police and Belgian troops arrived on the scene, clearing the streets and driving the separatists back to their last remaining stronghold.

HEAVY FIGHTING, MANY KILLED AT CREFIELD, REPORT
Paris.—Heavy fighting, with several thousand killed, is reported from Crefield, where the separatists, who failed in their three attacks to capture the city hall, says the Dusseldorf correspondent of the Havas agency.

Republican reinforcements are reported to be marching on Muenchen-Gladbach, where the separatists were forced to evacuate yesterday. The separatists' cause is said to have been exploited by the French authorities for disregarding instructions given for the maintenance of order.

The separatists before the battle at Elberfeld, outside the occupied zone, security police with drawn sabers were called out last night to disperse the separatists, who were employed workers. Police guards have been established around the town.

Counted on Coblenz.
The separatists are counted on Coblenz and Mayence as easy and observers of the movement take their failure in these cities as indicative of the ultimate fate of the separatist cause.

Duisburg and Muelheim fell into the hands of the separatists yesterday and plans were afoot for the proclamation of the independent state of Rhenish and Oberhausen today. The way was made easy for them at Duisburg by the Belgian authorities disarming and internment of the separatists before the separatists arrived. The blue police were allowed to function on condition that they remain neutral.

The separatists still held the Duisburg public buildings this morning but a reactionary movement, was expected there and at Muelheim today. The municipal officials of both cities have so far refused allegiance to the new movement.

Attempt of Wilhelm to Regain Throne Is Seen

Doorn, Holland.—The visit which former Crown Prince Friedrich Wilhelm of Prussia is now making at Doorn castle is regarded as having considerable significance.

According to sources from several reliable sources and from persons close to the former Kaiser, the presence of the prince in Doorn is connected with the return of Princess Ekkehard from the Reich, whence she brought important news concerning the activities of the nationalist military party and the chances of the eventual return of William Hohenzollern to the throne.

It is stated that Herrmann himself is displaying great activity and that all her keen intelligence is directed toward the object and hope of becoming Crown Prince of Germany.

Recently an officer of high rank from Dresden and a political personage from Munich have been guests of the former emperor, who, since this visit, has shown great nervousness.

A detail regarded as curious is that a Doorn furniture dealer has been commissioned to sell a large quantity of the rich tapestries and curtains belonging to the ex-king and also a large part of his wardrobe.

The Dutch government and authorities are closely watching the movements of the ex-Kaiser and his son and the police force guarding them has been doubled.

MURDER VICTIMS BELIEVED YEGGS

Finding of Burglar Tools in Room Throws Light on Double Killing.

St. Louis.—That Wilbert Grant, who, with his wife, Rosie, was shot to death in a room near here yesterday, was responsible for many safe robberies in large cities of the middle west, was the theory advanced today by police, following the finding of a complete set of burglar tools in a room at a local hotel, formerly occupied by the couple.

Detectives searched the room and found, in addition to the tools, 57 war savings certificates, a \$100 bond and an automatic pistol, a sawed off shotgun and ammunition. Most of the certificates were issued to women in Kansas City.

The discovery of the tools and certificates, most of which are believed to have been stolen, caused the police to express the belief that Grant and his wife, the motive for whose deaths had appeared to be a mystery, were murdered by men who formerly were their companions, and that the disappearance of the tools and the certificates was the result of the killings. The couple was shot by three armed men who entered the room when Grant and his wife and their daughter, Estelle Stalaker, were the only customers.

ALL THE "ROUGHAGE" YOU NEED

The live, energetic man, full of pep and gimp, who thinks clearly and acts quickly, who enjoys life and tackles work with keenest zest, is the man who eats enough "roughage" with his food each day to keep the intestinal tract healthy and clean. Nature's greatest laxative is bran, the outer coat of the whole wheat. **Shredded Wheat Biscuit** contains all the bran of the whole wheat grain—all you need to promote bowel movement, and all the food you need for a half day's work. It is ready-cooked, ready-to-eat, delicious with milk or cream, or with fresh fruits.

Yet Have Lovely Hands!

Lovely white hands now for women who do their own work
A new idea in household soap

Yes!—scrub, wash dishes three times daily, do the family washing if you will, yet have charming hands! It's a fairy story come true.

A new idea
As world's beauty experts we've developed a household soap that does not injure the most charming hands.

For one week
Obtain a bar of Green Arrow at your grocer's. Then look at your hands in one week.

Scores of women have made this test. They know that using old-time hand soapers now is folly.

And—it costs only a few cents a month to enjoy it. For, you must figure soap costs by the month, never by the bar. Pure soap goes further.

Green Arrow Soap comes in two forms—Cake Soap, for general household use—Chips (or flakes) for laundry and fine fabrics. Both offer you unusual advantages.

Olive oil!
The name of this new soap is Green Arrow.

It contains olive oil—as mild and gentle as a fine toilet soap.

Do you know this man?

WONDERFUL business man; believes in everything being "just so," a stickler for system; a nine o'clock appointment never means a minute past nine. An ideal family man; kindly, considerate, provides every comfort for his loved ones; carries adequate life insurance.

But let someone ask him, "Have you made a will?" Watch him make all sorts of excuses—put it off—with excuses, mind you—not reasons.

Is this man you?

If it is, do you think it quite consistent with good business with your duty to your family—to ignore the importance of providing for the proper distribution of your estate when you are gone?

Drop in tomorrow and get your copy of the booklet "Safe-guarding Your Family's Future." Or talk the matter over with any of our officers.

Keep Hair Curly

Keep it fluffy, glossy and abundant

By Edna Wallace Hopper

I offer you my Wave and Sheen, to keep hair ever-curly, ever-glossy, as is mine. I do this because of countless requests. And because I learn that many women use very crude ways to do this.

My Wave and Sheen was perfected for me by the ablest of hair experts. It contains no grease, no oil, yet it gives my hair that wondrous luster which millions so admire.

I apply it with a tooth brush or a comb. Then I fluff my hair by upward combing as it dries. For an enduring curl, to last a week or more, I use curlers after the application.

If you want sleekness and luster without the curl, omit the curling efforts. That is what men do. When you have smooth, glossy hair which always stays in place.

This is a perfect curling fluid, combed with a perfect sheen. I offer it to you because I want you to have the best. I intended to supply to women only my aids to youth. But I have also supplied my wave and sheen to all druggists and toilet counters. The cost is 50c. Edna Wallace Hopper. Business address, Waukesha, Wis.

TO JOIN WATER PLANT WITH CITY

Expect to Eliminate Three Office Employees Under Consolidation Scheme.

One of the most important projects on the city manager's program for Janesville will be effected in the near future with the consolidation of the water department with the general financial department of the city in the office of the city clerk-treasurer. The water works, which since its purchase by the city in 1915 has been run as a separate unit with its own set of books and financial system, will continue to be handled in much the same way, only its records will come a part of a simplified system of bookkeeping for all city finances.

Heretofore the water department has had its own bookkeeper and stenographer and the financial department of the city has had two similar employees.

In the consolidation, the city manager hopes to increase the work done by each person and consequently expects to eliminate the services of three women employees.

The following women employees are expected to leave the city's service on Nov. 15, when the consolidation will have become effective: Mrs. Corabel High, bookkeeper in the office of the city clerk-treasurer, the past three years; Mrs. Gladys Kelly Cunningham, clerk and assistant to the city clerk and city assessor for

four years; and Miss Lois Bear, stenographer in the city water department for two years.

Olsen to Be Bookkeeper.
Although minute details of the new scheme have not been fully worked out and announced, it is expected Ambrose J. Olsen, bookkeeper in the city water department, will become bookkeeper and accountant for all the city's finances.

First Concert of Apollo Club Monday

The first of the Apollo concerts for the season will be at the high school auditorium Monday evening, when a delightful and unusual program is promised. Forest Lamont, famous tenor, from Pavloska, mezzo soprano and Virgilio Lazzari, bass, with Isaac Van Grove, assistant director of the Chicago Opera company at the piano are assurance that this, the first concert, will be far and ahead of anything yet given by the Apollo.

Responses from sale of season tickets have been most generous and the club has expectations of a large attendance from Beloit, Ft. Atkinson, Evansville, Edgerton, Milton, Delavan and other near-by centers. The extraordinary fact that the club this year has listed three of the most pronounced good concerters ever given outside the metropolitan districts, and that season tickets are selling at so low a price has been brought about only by the largeness of the sale. In Cleveland the same plan is being worked with great artists at a low price and it can be accomplished only with large audience.

Kiwanis Caring for Many Children who Have a Bad Start

Three rooms at Marcy hospital set aside for the Kiwanis club of Janesville and to be used for underprivileged children who are being looked after by the club through its welfare committee, tell one part of the story of the accomplishments made possible by the generosity of the Kiwanis Minstrel show in 1922. It is astonishing the number of children who have attended the free clinics of the Kiwanis and the number of children also who have been examined and started on the road to a full and complete life. The Kiwanis believes that every boy or girl though coming into the world with congenital handicaps or from other causes, ought to be put in shape so as to get an even break.

with the more favored child. In order to keep up this work the Kiwanis will present another minstrel show, "The Jellies of 1924" at Myers theater for three nights, Nov. 6, 7 and 8. It will give the citizens of Janesville an opportunity not only to see an attractive show but to give aid to a great work.

Busy Man's Sport Page

THE UNDERDOG clubs of the major leagues will need more than new managers next year to catch up with the New York clubs in both the National and American circuits. They will require a lot of new talent. The money kings of the metropolises, who unless the long green to get material because they are conducting business enterprises, have the edge. There will be renewed interest in the national game around New York next season because of the Yankee victory in the world series, but will that extend to the other major clubs? The game requires more sporting chances to replace the apparently sure thing in New York. There is an undercurrent of change coming in the big circuits that will give the above league cords of fuel during the coming winter months.

EACH YEAR old Ty Cobb insists that his name be up among the top-notchers of the season is over. The Georgia peach is of the clinging variety, always supplanting the fans with something new to talk about. Eighteen years of batting over the 300 mark, a record that only Cobb himself is likely to equal, is a remarkable feat. Pitching methods have changed, the ball has been varied since Ty first swung victory, yet he goes on his way, busily making the most of his name should also be engraved on the American league monument.

WISCONSIN'S university football team is hitting the high spots in the scoring division this season. The Badgers top the Big Ten in the number of points hung up so far. They have 100 points, while the Cardinals were run up against Indiana in a conference game and form the maximum of the year. In total points, Michigan leads with 117, followed by Minnesota with 62, and Chicago with 57. Neither the Maroons nor the Wolverines have had their goal line crossed this year. The old goal has been kicked against Madison. In comparative offense and defensive strength, Wisconsin, Michigan and Chicago now have the lead. The season is young, and so is the hope sheet.

Bender and Styles, Baltimore batsmen, are known as the "Dunn in Manager Jack's name is synonymous with suspension."

Boston Braves and Senators reported as seeking Gleason as manager.

Rain Tuesday postponed Baltimore-Kansas City "little world series."

Hot Off the Gridiron—Big Ten football teams Wednesday, were in middle of most strenuous week of drill since opening of season. With certain and possibly more teams will be eliminated from championship Saturday. Part of teams devoting nearly entire week to straight football and strengthening lines for defense, while others are developing aerial attack to use where crushing line of opponents proves hopeless. In class apparently relying on aerial route, are Northwestern, Wisconsin, and Minnesota. Work behind "locked gates." Much speculation on Wisconsin plan of play as team has exhibited nothing in public but straight football. Chicago, anxious to lead record clean, pounding Freshman eleven unmercifully in preparation for Purdue. Coach Stutz indicated he may shift line considerably when he tried out several second-year men, going through stiff practice for Michigan Aggies although Wolverines expect little trouble. Aside from conference, one of the best in sectional contests of midweek will be Notre Dame-Georgia Tech contest.

Papyrus sails for home and Trainer Jarvis says England probably never will send another horse.

\$10,000 draft limit proposed in Pacific coast baseball league.

Scraps About Scrappers.—Report that Joe Burman has fired Manager Welsh for "blunder in New York."—Minnesota back Jimmy Jones, welter, for rough tactics in ring. Mike Dundee to meet Harry Kibben, soon in St. Louis.—New York commission keeps Joe Lynch, bantam champion, on suspension.—Briscoe, bantam, to fight Midget Smith at Peoria, Ill., 2.—Pitkin Mitchell to box Sid Barbarian at Detroit, Nov. 5.

Assurances given that Zev and My Own will clash at Latonia.

Beloit college starts track practice.

Ill health is often caused by defective vision. Without knowing it your eyes may be the cause of keeping you, or someone in your family, from having perfect health. Watch them carefully—do not neglect them—pay strict attention to their condition.

When tell-tale signs of eye strain appear, do not hesitate a moment but come to us for a searching examination. We will quickly determine the trouble, advise you accordingly and restore your normal vision, which in turn will be a stepping stone toward perfect health.
